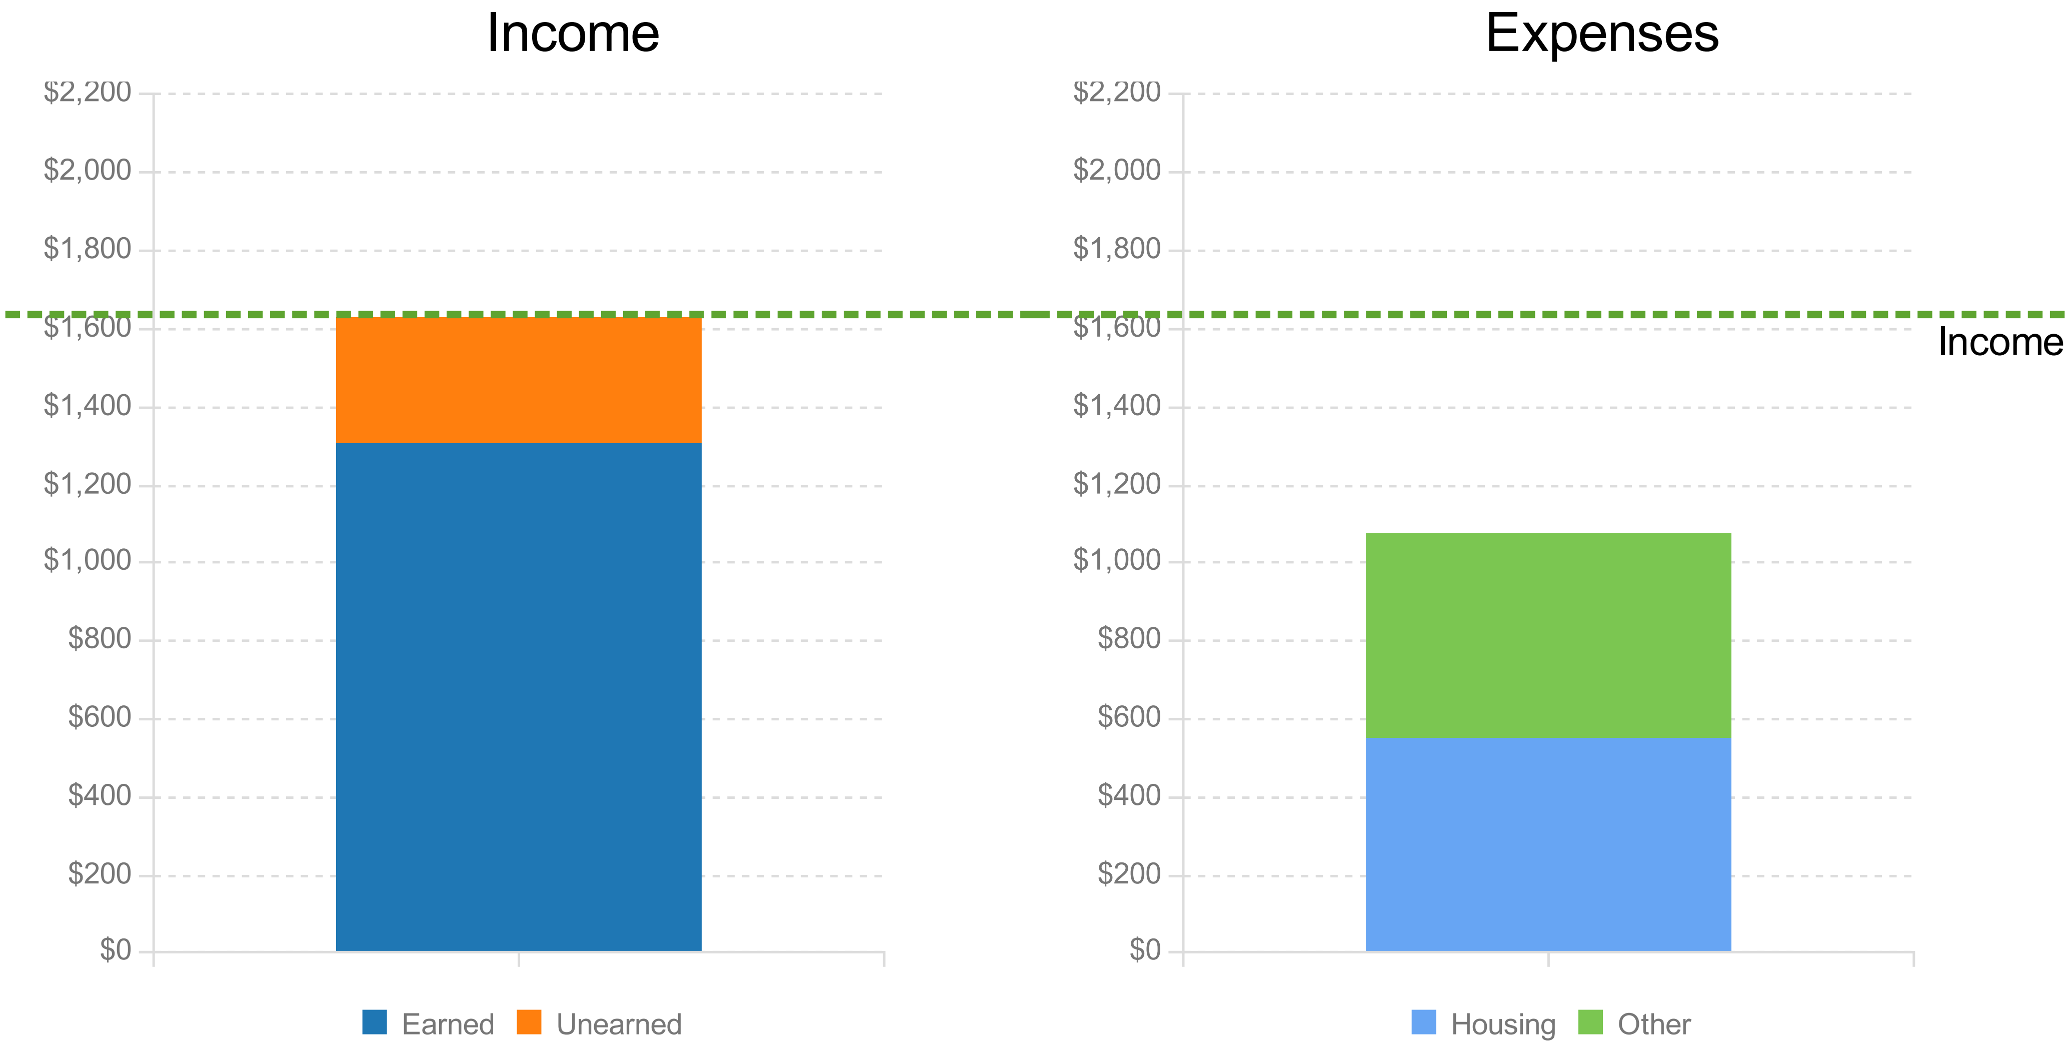
Disability Benefits 101

Working with a disability

August 30, 2024

Report: Your Quick Budget

Congratulations! Your income is $554 more than your expenses.



This plan works!

These numbers are only estimates.

You made these changes:

- **Work 20 hr/wk at $15/hr**: Getting a job is the biggest way you can increase your income. Try the DB101 Benefits and Work Estimator to see how your work might affect the benefits you get and read DB101's Getting Past the Myths article.
- **Save $100/mo in an ABLE account**: Money in an ABLE account usually doesn't affect most benefits eligibility and can be used for many types of expenses. Learn more in DB101's ABLE Accounts article.

Monthly Income	Today	Your Plan

Learn More

- Create a work plan so that you can get a more complete idea of how much you could earn by working.
- This Quick Budget doesn't estimate changes to all benefits. Use DB101's Benefits and Work Estimator to get more details on how your work might increase your total income.
- Update your Manage Benefits checklist so that you know what you need to report to benefits agencies each month when your income or living situation changes.
